Preface

In this eBook we have provided notations in western (C D E F) style for 300 popular bollywood songs, ghazals, geet and bhajans. Some popular song notations are also available with chord. As there are limitations to write music in this form compared to sheet music, we suggest readers to listen to the songs many a times before start playing as per these notations

Disclaimer

The notations presented in the book are not transcriptions from the original sound track. They are presented here to help music lovers to understand and appreciate the songs better. For a better performance of the songs in the instrument of your choice, buy the original cds to listen.
